GAIN FOR MISSIONS

\$18,600 RAISED BY CHRISTIAN CHURCHES OF THIS DISTRICT.

Fifty Per Cent of Ministers of District Here, While Sixty Per Cent of Churches Are Represented.

The district convention representing twenty-three counties in Northwest Missouri continues with increased interest. Tuesday night's session was well attended and many good things

The welcome address by the Maryville pastor, Rev. Claude J. Miller, was responded to by Rev. Rudolph Heicke of Cameron. This was followed by a paper on "Christian Endeavor Work" by Rev. McCallon of Savannah. Dr. E. J. Meacham of Cincinnati, O., followed in an able address on "The Conservation of Young Men," and Rev. J. H. Bryan of Kansas City gave a talk on Bible school work.

Wednesday morning's session was opened at 9 o'clock with devotional exercises, led by President Frank Richards of the girls' school at Camden Point. His subject was "The Faith of Israel's Prophets."

The report of the district superintendent of missions, C. A. Lowe, presented a most agreeable surprise to all who heard it. As the amount raised for missions this year exceeded last year's report by \$500, which is a most creditable report for the district, owing to the drouth, which extended over the southern portion. The total amount raised for missions this year was \$18,600

The roll call of ministers was a nice feature of the morning's session. Each pastor responded with a one-minute speech. Fifty per cent of the ministers of the district were present to respond and 60 per cent of the churches were heard from.

Wednesday afternoon was occupied by the C. W. B. M. of the district. Wednesday night's meeting will Cincinnati, secretary of the American Christian Missionary society. He will speak at 7:45, and as he was a former pastor of the Maryville church he will have a large hearing.

Thursday is the closing day of the convention. There are many visitors in the city besides the official dele-

STEPHENSON WAS VICTIM OF PLOT

Such is Testimony of Milwaukee Business Man.

CLAIMS STORY WAS "FRAME UP"

M. J. Regan's Statement Before Senate Committee Will Neces-sitate Recall of Several Witnesses.

Milwaukee, Wis., Oct. 25 .- Testimony concerning an alleged plot to fabricate evidence against Senator Isaac Stephenson and then to offer to keep it out of the present investigation for a money consideration was given by M. J. Regan, a Milwaukee dows open. business man, before the United States senate committee.

H. W. Wood, a private detective, and Frank T. Souther had tectified they both were at a conference with Regan when the latter told of a Hines, the lumberman, had come of a from Washington to "buy up" the ment. Wisconsin legislature, so that Stephenson could be elected in March, 1909. The story which Wood and Souther testified had been given them by Regan was:

That Shields, coming from Washington, had met Regan by appointment in Milwaukee, that Shields said he had unlimited money to purchase members who were to remain away so that Stephenson might be elected; that Shields wanted Regan to go to Madison to carry on the deal, but that Regan refused and Shields

Taking the stand after they had given this testimony, Regan declared he never had made any such statement, but on the contrary Wood and Bouther had "framed up" the story with a view of obtaining money from Stephenson's attorneys to suppress it.

"While this committee was in ses sion here some days ago," Regan testified, "Wood told me he and Souther were going to make up a case against Stephenson.

"Their purpose was to let it be known what they were going to do and then to try to get money for not giving their testimony.

"I did meet Wood and Souther after Stephenson's election. I talked to them about Frank T. Wagner having for two and one-half cents: been convicted and sentenced to the penitentiary for perjury for testifying crackers. falsely in the legislature investigation of Senator Stephenson.

"My purpose was to put the others where Wagner was and to this end I talked to Souther and Wood. I mentioned nothing whatever about Shields having had unlimited money to purchase the legislators."

Regan's testimony will necessitate the recall of numerous witnesses, including Shields. Wagner, who was paroled from the penitentiary, also has been summoned.

"Ah, but you," she said, "have never done anything to attract public attention. The man I marry must have done something worth while-he must at least, be a man whose picture has been published in the papers."

GAIN FOR MISSIONS

\$18,600 RAISED BY CHRISTIAN CHURCHES OF THIS DISTRICT.

Fifty Per Cent of Ministers of District

Here, While Sixty Per Cent of

Churches Are Represented.

The district convention representing twenty-three counties in Northwest Missouri continues with increased interest. Tuesday night's session was well attended and many good things

The welcome address by the Maryville pastor, Rev. Claude J. Miller, was responded to by Rev. Rudolph Heicke of Cameron. This was followed by a paper on "Christian Endeavor Work" by Rev. McCallon of Savannah. Dr. E. J. Meacham of Cincinnati, O., followed in an able address on "The Conservation of Young Men," and Rev. J. H. Bryan of Kansas City gave a talk on Bible school work.

Wednesday morning's session was opened at 9 o'clock with devotional exercises, led by President Frank Richards of the girls' school at Camden Point. His subject was "The Faith of Israel's Prophets."

The report of the district superintendent of missions, C. A. Lowe, presented a most agreeable surprise to all who heard it. As the amount raised for missions this year exceeded last year's report by \$500, which is a most creditable report for the district, owing to the drouth, which extended over the southern portion. The total amount raised for missions this year was \$18,600.

The roll call of ministers was a nice feature of the morning's session. Each pastor responded with a one-minute speech. Fifty per cent of the ministers of the district were present to respond and 60 per cent of the churches were heard from.

Wednesday afternoon was occupied by the C. W. B. M. of the district. Wednesday night's meeting will be addressed by Dr. I. N. McCash of Cincinnati, secretary of the American Christian Missionary society. He will speak at 7:45, and as he was a former pastor of the Maryville church he will have a large hearing.

Thursday is the closing day of the convention. There are many visitors in the city besides the official dele-

NEEDFUL KNOWLEDGE.

Maryville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine full of sediment irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy and other serious trou bles. Any one of these symptoms is warring enough to begin treating the kidreys at once. Delay often proves

fatal. You can use no better remedy than Doan's Kidney Pills. Here's Maryville proof:

G. W. Hempstead, East First street, Maryville, Mo., says: "When suffering from an extreme sensitiveness in the small of my back, I was advised by a friend to give Doan's Kidney Pills a trial. I procured a box at Charles A. Love's drug store and they lived up to representations. I have never had any trouble from my back or kidneys since.

STEPHENSON WAS **VICTIM OF PLOT**

Such is Testimony of Milwaukee Business Man.

CLAIMS STORY WAS "FRAME UP"

M. J. Regan's Statement Before Senate Committee Will Necessitate Recall of Several Witnesses.

Milwaukee, Wis., Oct. 25.-Testimony concerning an alleged plot to Isaac Stephenson and then to offer to keep it out of the present investigation for a money consideration was given by M. J. Regan, a Milwaukee dows open. business man, before the United States senate committee.

and Frank T. Souther had testified from Washington to "buy up" the ment. Wisconsin legislature, so that Stephenson could be elected in March, 1909. The story which Wood and Souther testified had been given them by Regan was:

That Shields, coming from Wash ington, had met Regan by appointment in Milwaukee, that Shields said he had unlimited money to purchase members who were to remain away so that Stephenson might be elected; that Shields wanted Regan to go to Madison to carry on the deal, but that Regan refused and Shields himself went.

Taking the stand after they had given this testimony, Regan declared he never had made any such statement, but on the contrary Wood and Souther had "framed up" the story with a view of obtaining money from Stephenson's attorneys to suppress it.

"While this committee was in ses sion here some days ago," Regan testified, "Wood told me he and Souther were going to make up a case against Stephenson.

Their purpose was to let it be known what they were going to do and then to try to get money for not giving their testimony.

"I did meet Wood and Souther after Stephenson's election. I talked to them about Frank T. Wagner having been convicted and sentenced to the penitentiary for perjury for testifying falsely in the legislature investigation of Senator Stephenson.

"My purpose was to put the others where Wagner was and to this end I talked to Souther and Wood. I mentioned nothing whatever about Shields having had unlimited money to purchase the legislators.

Regan's testimony will necessitate the recall of numerous witnesses, including Shields. Wagner, who was paroled from the penitentiary, also has been summoned.
